OVERVIEW

ALL NATIONS
INTERNATIONAL
reaching the neglected globally - the least, the last, and the lost

The New Age spirituality is growing in developed nations. In the USA, the state of Arizona is known by some as America's New Age capital where much prayer and worship of pagan deities occur. Because Christians oftentimes have been told to stay away from the demonic realities associated with New Age practices, there is little to no representation of Christ among this community. Many spiritually aware and seeking New Agers are being deceived by counterfeit deities.

All Nations team members have been living and working among the New Age community in the Southwestern United States since 2015. They have a business which allows them to contribute meaningfully within the New Age community as a vendor at festivals, retreats, farmers markets, etc. while at the same time creating physical space for spiritual conversation with seekers. When encounters with Jesus occur within those conversations, they invite seekers to Bible-based gatherings focused on knowing and following Jesus. Their vision is to see spiritual seekers encounter Jesus and creatively worship Him in community.
